---

**Position**

- |           |  |
|-----------|--|
| July 2022 | Chercheur qualifié FNRS, UCLouvain.                            |
| 2019–now  | Associate professor in Linguistics, The Ohio State University. |
| 2013–2019 | Assistant professor in Linguistics, The Ohio State University. |

---

**Education**

- |           |   |
|-----------|---|
| 2006–2012 | Ph.D. Program in Linguistics, Stanford University.<br>Dissertation (November 2012): “What’s that supposed to mean? Modeling the pragmatic meaning of utterances”<br>Dissertation committee: Christopher D. Manning (chair),<br>Dan Jurafsky, Beth Levin and Christopher Potts.  |
| 2004–2006 | Visiting researcher, Natural Language Processing Group, Stanford University (Advisor: Christopher D. Manning).  |
| 2000–2002 | Advanced Studies Degree in Applied Sciences, computing science, Université catholique de Louvain. Magna cum laude.<br>Thesis: “Modalités temporelles et aléthiques pour la traduction d’un fragment de la langue française” [“Temporal and mandatory modalities for translating a fragment of French”] (Advisor: A. Thayse).  |
| 1998–2000 | “Licence”, Classical Languages and Literatures, Université catholique de Louvain. Magna cum laude (summa cum laude for the thesis).<br>Thesis: “La création lexicale en latin. Tendances actuelles de la recherche” [“Lexical formation in Latin. Current research orientations”] (Advisor: L. Isebaert).<br><br>Habilitation for teaching at the secondary school, Université catholique de Louvain. |
| 1996–1998 | Bachelor’s degree, Classical Languages and Literatures, Facultés Notre-Dame de la Paix à Namur. Magna cum laude.  |

---

## Fellowships and awards

- 2019 ACL Best short paper award.
- 2016 Postdoctoral Fellowship. Marie-Catherine de Marneffe and Judith Tonhauser. American Council of Learned Societies and the Humanities and the Arts Discovery Theme at The Ohio State University. Postdoctoral fellowship period: 2016-2018.
- 2015 The Ohio State University, ASC, Interdisciplinary team-teaching award. “Analyzing Language in Social Media.” with Lauren Squires (English).
- 2013 NAACL Best short paper award.
- 2009–2012 Stanford Interdisciplinary Graduate Fellowship.
- 2004 Fulbright Scholarship – Commission For Educational Exchange.
- 2004 Fellowship for Research in the U.S.A. – Belgian American Educational Foundation.

---

## Grants

- 2020 “Student travel support to the Fourth Universal Dependencies Workshop (2020)”, National Science Foundation IIS-2024161, \$6,000, grant period: 05/01/2020 - 04/30/2021.
- 2019 “CAREER: Drawing inferences for human-like language understanding”, National Science Foundation IIS-1845122, \$499,914, grant period: 08/15/2019 - 07/31/2024.
- 2018 “ACL Student Research Workshop”, National Science Foundation IIS-1827830, \$18,000, grant period: 04/01/2018 - 11/30/2018.
- 2017 “Named Entity Recognition for the Classical languages for the building of a catalog of Ancient peoples”, National Endowment for the Humanities HAA-256078-17, Brian Joseph, Christopher Brown, Micha Elsner, Marie-Catherine de Marneffe, \$74,808, grant period: 10/1/2017 - 9/30/2019.
- 2017 Battelle Engineering, Technology and Human Affairs (BETHA) Endowment grant: “Assessing trustworthiness in social media”, Marie-Catherine de Marneffe, Alan Ritter, \$23,000.
- 2016 Targeted Investment in Excellence Initiative grant: “The influence of social information on speaker commitment”, Kathryn Campbell-Kibler, Marie-Catherine de Marneffe, Judith Tonhauser, \$5,000.
- 2015 CRII “What do you mean? Automatic identification of inferences drawn from text”, National Science Foundation IIS-1464252, \$143,374, grant period: 02/01/2015 - 01/31/2019.
- 2015 Targeted Investment in Excellence Initiative grant: “Children’s interpretation of politeness and uncertainty: Effects of discourse context, utterance tone and cultural background”, Marie-Catherine de Marneffe, Micha Elsner, Shari Speer, Laura Wagner, \$23,940.

- 2015 Targeted Investment in Excellence Initiative grant: “Continued Development of Shared Departmental Crowdsourcing Resources”, Marie-Catherine de Marneffe & Michael White, \$2,161.
- 2014 Targeted Investment in Excellence Initiative grant: “Construction of a projection corpus for attitude predicates”, Marie-Catherine de Marneffe, Craige Roberts, Mandy Simons, \$20,294.
- 2014 Google Faculty Research Award: “Universal dependencies”, \$41,869.

Marie-Catherine de Marneffe and Micha Elsner. 2015. “I think that’s enough”: Mental state verbs rarely report beliefs in child-directed speech. Poster, 28th CUNY Conference on Human Sentence Processing, Los Angeles, CA.

Marie-Catherine de Marneffe (joint work with Marta Recasens and Christopher Potts). 2014. Modeling the Lifespan of Discourse Entities: Nature or Nurture? 2nd Conference of the American Pragmatics Association, UCLA, October 17-19.

Judith Tonhauser (joint work with Marie-Catherine de Marneffe). 2014. Indirect answers to polar questions: Scalar inferencing and the rise-fall-rise contour. 5th Meeting of the DFG Network on Questions in Discourse, University of Stuttgart, May 20-21.

Paul Sandels, Marie-Catherine de Marneffe and Micha Elsner. 2014. Child-directed mental state verbs are often assertions. Poster, Midwest Speech and Language Day 2014, University of Illinois at Urbana-Champaign, IL.

Marie-Catherine de Marneffe and Christopher D. Manning. 2014. Stanford Universal dependencies. EACL Universal Dependency Meeting, Gothenburg, Sweden, April 26.

Marie-Catherine de Marneffe and Judith Tonhauser. 2014. Prosody affects scalar implicature generation. Poster, 27th CUNY Conference on Human Sentence Processing, Columbus, OH.

Seth Wiener and Marie-Catherine de Marneffe. 2014. Top-down lexical tone processing in Mandarin Chinese. Poster, East Asian Psycholinguistics Conference, Chicago, IL.

Marie-Catherine de Marneffe and Christopher Potts. 2011. A case study in effectively crowdsourcing long tasks with novel categories. Presentation, Workshop on Crowdsourcing Technologies for Language and Cognition Studies, LSA Institute, Boulder, CO.

Marie-Catherine de Marneffe and Meghan Sumner. 2009. Manipulating within-speaker variation in non-native speech perception. Poster, 158th Meeting of the Acoustical Society of America, San Antonio, Texas.

Marie-Catherine de Marneffe. 2009. Input and pattern frequencies matter for acquiring French past participle forms. Presentation, 33rd Stanford Child Language Research Forum, Berkeley, CA.

Harry Tily, Marie-Catherine de Marneffe and Roger Levy. 2009. Comprehension difficulty reflects an understanding of likely production errors. Poster, 22nd CUNY Conference on Human Sentence Processing, Davis, CA.

Scott Grimm and Marie-Catherine de Marneffe. 2008. Re-examining instrumental subjects from an empirical stance. 82nd Annual Meeting of the Linguistic Society of America, Chicago, IL.

Marie-Catherine de Marneffe, Scott Grimm, Uriel Cohen Priva, Sander Lestrade, Gorkem Ozbek, Tyler Schnoebelen, Susannah Kirby, Misha Becker, Vivienne Fong and Joan Bresnan. 2007. A statistical model of grammatical choices in children’s production of dative sentences. *Formal Approaches to Variation in Syntax*, University of York, England.

### **Technical reports**

Marie-Catherine de Marneffe, Natalia Silveira, Timothy Dozat, Katri Haverinen, Filip Ginter, Joakim Nivre and Christopher D. Manning. 2015. Universal Stanford dependencies: A cross-linguistic typology. Version of 2015-11-12.

Marie-Catherine de Marneffe and Christopher D. Manning. 2008. Stanford typed dependencies manual. Technical report, NLP Group, Stanford University.

---

### **Resources and tools**

Stanford Dependencies software: produces a widely used practical grammatical relations representation of English. Showcased as one of DARPA’s 2012 accomplishments.

Member of the core group of 14 researchers developing the “Universal dependencies” guidelines and treebanks. Universal Dependencies/Treebanks won the META Seal of Recognition 2016.

---

### **Invited talks and panels**

- Apr. 25 2023 “Les technologies du langage et l’IA”, séance inaugurale de la Chaire Altissia *Cultures et éthique du numérique*, UCLouvain.
- Apr. 25 2023 “Added values & benefits: COST Action CA21167 Universality, diversity and idiosyncrasy in language technology”, COST INFO DAY 2023 Belgium.
- Mar. 30 2023 “Investigating reasons for disagreement in natural language inference”, MAGNET, INRIA Lille Europe.
- Mar. 8 2023 Invited panelist “ChatGPT : menace ou opportunité pour l’enseignement supérieur ?”, UCLouvain - Woluwé.
- Feb. 7 2023 Invited panelist “ChatGPT : menace ou opportunité pour l’enseignement supérieur ?”, UCLouvain.
- Jan. 27 2023 “Investigating reasons from disagreement in natural language inference”, Language Evolution, Acquisition, and Processing Workshop, University of Chicago, Linguistics.

- Jan. 6 2023 “Can neural networks identify speaker commitment?”, ALiAS: Amsterdam Lectures in Artificial Intelligence and Society, University of Amsterdam.
- Dec. 11 2022 Invited panelist “Open questions, major obstacles, and unresolved issues in NLP”, EMNLP, Abu Dhabi.
- Oct. 3 2022 “The place of Linguistics in Artificial Intelligence: Why do computers still don’t get it as well as we do?”, Sciences & Cocktail, Brussels.
- Sept. 28 2022 “Can neural network identify factuality?”, INRIA, Université de Paris.
- Sept. 27 2022 “L’influence de l’input parental en acquisition: la production de l’alternance dative et l’interprétation des verbes mentaux”, MoDyCo, Université de Paris-Nanterre.
- May 18 2022 “Can neural networks identify speaker commitment?”, Invited Symposium on Computational Approaches to the Study of Meaning at ELM2, University of Pennsylvania.
- Mar. 31 2022 “Can neural networks identify factuality?”, Distinguished Computational Linguistics Lecture, Rochester Institute of Technology.
- Dec. 16 2021 “Universal Dependencies: the good, the bad and the potential”, Keynote at the first workshop on Parsing and its Applications for Indian Languages (PAIL-2021).
- June 1 2021 “Can neural networks identify speaker commitment?”, ILFC Seminar: Interactions between formal and computational linguistics, GDR LIFT (Linguistique Informatique, Formelle et de Terrain).
- May 6 2021 “Identifying speaker commitment for natural language understanding”, CENTAL Seminars, UCLouvain.
- April 24 2021 “Quelle place pour la linguistique dans l’intelligence artificielle ?”, Keynote at 50 ans de linguistique à l’UQAM (Université du Québec à Montréal) - Regards croisés sur les enjeux de la linguistique.
- Oct. 1 2019 “Do you know that there’s still a chance? Identifying speaker commitment for natural language understanding”, Keynote at NoDaLiDa, Turku, Finland.
- Sept. 24 2018 “Computational pragmatics: A case study of speaker commitment”, Keynote at the 2018 International Conference on the Computational Processing of Portuguese, Canela, Brazil.
- Mar. 5 2018 “Computational pragmatics: A case study of speaker commitment”, NLP and Text as Data Speaker Series, New York University.
- Nov. 10 2017 “Computational pragmatics: A case study of speaker commitment”, Department of Linguistics Colloquium Series, Stanford University.
- Sept. 26 2017 “Automatically drawing inferences”, Department of Linguistics Colloquium Series, University of Geneva.
- Sept. 25 2017 “Common sense data: where do things stand?”, Computational Linguistics Unit, University of Geneva.

- Jul. 27 2017 “Drawing inferences”, Talk at the Google Natural Language Understanding Workshop (<https://sites.google.com/view/2017nlpworkshop/home>).
- May 24 2017 “Automatically drawing inferences”, ILCC seminar, University of Edinburgh.
- Jan. 21 2017 “Universal dependencies: the good, the bad, and the potential”, Keynote at the 15th International Workshop on Treebanks and Linguistic Theories, Bloomington, Indiana.
- Nov. 5 2016 “Drawing inferences”, Panelist at the NSF-funded workshop Uphill Battles in Language Processing, EMNLP, Austin, Texas.
- Aug. 7 2016 “Assessing the consistency and use of “common sense” and dependency annotations”, Keynote at the 10th Linguistic Annotation Workshop, Association for Computational Linguistics, Berlin.
- Mar. 17 2016 “Using linguistic insights to improve textual understanding: applications to coreference resolution and negation detection”, Keynote at Nuance virtual Research Conference, Nuance.
- Mar. 13 2015 “I think that’s enough: Mental state verbs rarely report beliefs in child-directed speech”, Buckeye Language Network symposium, OSU.
- Feb. 6 2015 “Did it happen? The pragmatic complexity of veridicality assessment”, Workshop on Language, Cognition, and Computation, University of Chicago.
- Dec. 5 2014 “Modeling the lifespan of discourse entities with application to coreference resolution”, Language Technology Institute, Carnegie Mellon University.
- Nov. 14 2014 “Modeling the lifespan of discourse entities with application to coreference resolution”, Computer Sciences, Pittsburgh University.
- Jul. 16 2014 “Capturing inferences: Detecting conflicting information and veridicality”, Nuance Research Seminar, Nuance, Sunnyvale, CA.
- Dec. 6 2013 “Aren’t you tired of gradable adjectives? They are fascinating: Automatically deriving adjectival scales”. Center for Language and Speech Processing, Johns Hopkins University.
- Dec. 5 2013 “Aren’t you tired of gradable adjectives? They are fascinating: Automatically deriving adjectival scales”. Computer Sciences, University of Pennsylvania.
- March 5 2012 “What’s that supposed to mean? Modeling the pragmatic meaning of utterances”. Linguistics Department, The Ohio State University.
- Jan. 27 2012 “Un modèle statistique de l’alternance dative chez l’enfant”. Linguistics Department, Paris 7, Paris, France.
- Jan. 26 2012 “What’s that supposed to mean? Modeling the pragmatic meaning of utterances”. Computer Science Department, University College London, England.
- Sept. 9 2011 “Monitoring distributional patterns in our input: probabilistic models for production and comprehension”. Alpage, Inria – Paris 7, Paris, France.

April 29 2011 “Computational models of utterance meaning”. Information Sciences Institute, USC, Los Angeles, CA.

Nov. 10 2008 “Finding contradictions in text.” Yahoo!, Sunnyvale, CA.

---

### Teaching experience

Autumn 2022 LCLIG 2250 – Méthodologie de l’analyse de corpus en linguistique (Graduate). UCLouvain.

May 2022 LINGUISTICS 5050 – Technical tools for linguistics (Undergraduate and graduate). The Ohio State University.

Spring 2022 Pragmatics discussion group (Graduate). The Ohio State University.

Autumn 2021 Pragmatics discussion group (Graduate). The Ohio State University.

May 2020 LINGUISTICS 5050 – Technical tools for linguistics (Undergraduate and graduate). The Ohio State University.

Spring 2020 Pragmatics discussion group (Graduate). The Ohio State University.

Autumn 2019 LINGUISTICS 5801 – Introduction to Computational Linguistics (Graduate). The Ohio State University.

Pragmatics discussion group (Graduate). The Ohio State University.

Spring 2019 LINGUISTICS 5804 – Analyzing language in social media (Undergraduate and graduate). The Ohio State University.

Clippers discussion group. The Ohio State University.

Autumn 2018 LINGUISTICS 4400 – Linguistic meaning (Undergraduate). The Ohio State University.

Clippers discussion group. The Ohio State University.

May 2018 LINGUISTICS 5050 – Technical tools for linguistics (Undergraduate and graduate). The Ohio State University.

Spring 2018 Pragmatics discussion group (Graduate). The Ohio State University.

Autumn 2017 LINGUISTICS 5801 – Introduction to Computational Linguistics (Graduate). The Ohio State University.

Pragmatics discussion group (Graduate). The Ohio State University.

Spring 2017 LINGUISTICS 5804 – Analyzing language in social media (Undergraduate and graduate). The Ohio State University.

Pragmatics discussion group (Graduate). The Ohio State University.

Oct. 20, 2016 “Modeling the lifespan of discourse entities”  
Guest lecture, LINGUISTICS 2000H – Introduction to Language.  
Instructor: Kiwako Ito, OSU.

Sept. 9, 2016 “Acoustics, IPA, spectrograms & Praat”  
Guest lecture, LINGUISTICS 3802 – Language and Computers.  
Instructor: Michael White, OSU.

- Autumn 2016 LINGUISTICS 4400 – Linguistic meaning (Undergraduate). The Ohio State University.  
Pragmatics discussion group: Probabilistic pragmatics (Graduate). The Ohio State University.
- May 2016 LINGUISTICS 5050 – Technical tools for linguistics (Undergraduate and graduate). The Ohio State University.
- Spring 2016 LINGUISTICS 4400 – Linguistic meaning (Undergraduate). The Ohio State University.
- Autumn 2015 LINGUISTICS 5801 – Introduction to Computational Linguistics (Graduate). The Ohio State University.
- Spring 2015 LINGUISTICS 4400 – Linguistic meaning (Undergraduate). The Ohio State University.  
LINGUISTICS 8450 – Seminar in experimental and computational pragmatics (Graduate). The Ohio State University.  
Clippers. The Ohio State University.
- Autumn 2014 Clippers. The Ohio State University.
- May 2014 LINGUISTICS 5050 – Technical tools for linguistics (Undergraduate and graduate). The Ohio State University.
- Spring 2014 Clippers. The Ohio State University.
- Autumn 2013 Clippers. The Ohio State University.  
LINGUISTICS 4400 – Linguistic meaning (Undergraduate). The Ohio State University.
- May 2013 LINGUISTICS 8800 – Seminar in computational linguistics (Graduate). The Ohio State University.
- Spring 2013 LINGUISTICS 3802 – Language and computers (Undergraduate). The Ohio State University.
- Nov. 10, 2008 “Some aspects of syntax and semantics in computational linguistics.”  
Guest lecture, LINGUISTICS 1 – Introduction to Linguistics.  
Instructors: Penelope Eckert and Ivan Sag, Stanford University.
- June 4, 2008 “Introduction to Computational Linguistics.”  
Guest lecture, LINGUISTICS 1 – Introduction to Linguistics.  
Instructor: Asya Pereltsvaig, Stanford University.
- 2008 Teaching assistant. SYMBOLIC SYSTEMS 100 – Introduction to Cognitive and Information Sciences  
Instructor: Todd Davies, Stanford University.
- 2007 Teaching assistant. LINGUISTICS 180/COMPUTER SCIENCE 124 – Introduction to Computational Linguistics.  
Instructor: Dan Jurafsky, Stanford University.

- 2001–2004 Teaching assistant. Discrete mathematics, algorithmics, data structures, introduction to programming. Computing Science Department, Université catholique de Louvain, Belgium.
- 2001 Latin teacher (high school). Collège Saint-Pierre Uccle, Belgium.

## Advising and committee memberships

### Postdoctoral advisor

Jon Scott Stevens (2016-2018): Ph.D. in Linguistics, University of Pennsylvania (2013), American Council of Learned Societies and the Humanities and the Arts Discovery Theme at The Ohio State University Fellow 2016-2018, co-advisor with Judith Tonhauser

### Visiting scholar sponsor

Yu-Yun Chang (2018-2019): Ph.D. student at the National Taiwan University

Sarah Mao (2016-2017): English lecturer at the Changzhou Institute of Technology

### Habilitation à Diriger des Recherches (HDR) committee

Marianna Adipianaki, Université Toulouse III, HDR en informatique. November 2022. *Word meaning representation and interpretation in vector space*. (rapporteur).

### Ph.D. thesis (co-)advisor

Taylor Mahler, Linguistics, OSU. July 2022. *Social identity information in projection inferences: a case study in social and semantic-pragmatic meaning*.

Ahmad Aljanaideh, Computer Science, OSU (co-advisor). December 2021. *Leveraging Deep Neural Models to Enrich Linguistics and Natural Language Understanding*.

Alexander Erdmann, Linguistics, OSU. August 2020. *Practical morphological modeling: Insights from dialectal Arabic*.

Nanjiang Jiang, Linguistics, OSU

Angélica Aviles Bosques, Linguistics OSU

Willy Cheung, Linguistics, OSU

### Ph.D. thesis committee

Louis Escoufflaire, Linguistics, UCLouvain.

Amaury Fierens, Computer Science, UCLouvain.

Chunxiao Yan, Sciences du langage, Université de Paris Nanterre: Autumn 2021, *Complexité Syntaxique et Flux de Dépendance: Études quantitatives dans les treebanks Universal Dependencies*

Yu-Yun Chang, Linguistics, National Taiwan University: Summer 2019, *Event Veridicality in Chinese*

Jefferson Barlew, Linguistics, OSU: Spring 2017, *The semantics and pragmatics of perspectival expressions in English and Bulu: The case of deictic motion verbs*

Natalia Silveira, Linguistics, Stanford University: Summer 2016, *Empirical Foundations of Syntactic Representation Design for Natural Language Processing*

Chaitanya Shivade, Computer Science, OSU: Spring 2016, *Textual Inference for Clinical Trial Screening*

#### **Candidacy exam committee member/chair**

Nan-Jiang Jiang, Linguistics: December 2022 (chair)

William Thomas, Linguistics: December 2021

Taylor Mahler, Linguistics: April 2021 (chair)

Ahmad Aljanaideh, Computer Science: December 2020

Evan Jaffe, Linguistics: May 2020

Alexander Erdmann, Linguistics: December 2018

Jefferson Barlew, Linguistics: Summer 2015

Chaitanya Shivade, Computer Science: Spring 2015

Joo-Kyung Kim, Computer Science: Spring 2015

Murat Yasavul, Linguistics: Spring 2014

#### **M.A. thesis advisor**

Jackson Lucken, CSE: Spring 2019, *QED: A Fact Verification and Evidence Support System*

Sandesh Swamy, CSE: Spring 2017, *Forecasting event outcomes from user predictions on Twitter*

Ajda Gokcen, Linguistics: Spring 2016, *A Matter of Debate: Using Dialogue Relation Labels to Augment (Dis)agreement Analysis of Debate Data*

#### **M.A. thesis committee member**

Jingdi Shen, East Asian Languages: Spring 2018, *Regional Lexical Variation in Modern Written Chinese: Analysis and Characterization using Geo-Tagged Social Media Data*

#### **Qualifying Paper (QP) committee member**

Angélica Aviles Bosques, QP2: expected Spring 2023, research on language and identity in beauty pageant

Willy Cheung, QP2: expected Spring 2023, research on cataphora

Ashley Lewis, QP2: expected Spring 2023, research on question answering

Nanjiang Jiang, QP2: Autumn 2022, *Investigating reasons for disagreement in natural language inference*

Angélica Aviles Bosques, QP1: Autumn 2022, *Are emojis scalar?*

Ashley Lewis, QP1: Autumn 2021, *Denoising Paraphrase Pairs Using Cycle Consistency*

*with Meaning Representations*

William Thomas, QP2: Summer 2021, *The social meaning of exclusive “just”*

Nanjiang Jiang, QP1: Spring 2020, *What do natural language inference models know about speaker commitment?*

Willy Cheung, QP1: Summer 2020, *Extending discourse argument agreement detection: Three-way classification and improved gold label generation*

Taylor Mahler, QP2: Autumn 2019, *The Social Component of the Projection Behavior of Clausal Complement Contents*

Nathan Rasmussen, QP2: Autumn 2018, *A Broad-domain Corpus of Scope-annotated Explanatory Text*

Taylor Mahler, QP1: Autumn 2018, *At-issueness and projection*

Alexander Erdmann, QP2: Autumn 2017, *Low Resourced Machine Translation via Morpho-syntactic Modeling: The Case of Dialectal Arabic*

Alexander Erdmann, QP1: Spring 2017, *Optional Deverbalization in Arabic: Implications for Linguistic Division of Labor*

Stephanie Antetomaso, QP1: Autumn 2017, *Acquisition of phonetic categories*

David King, QP1: Spring 2017, *Enhancing PTB Universal Dependencies*

Evan Jaffe, QP2: Summer 2016, *Don't Label Me: Training Word Embeddings with (Some) Syntax*

Lifeng Jin, QP1: Autumn 2015, *Keep it Simple: Evaluation of Word Embeddings Trained on Simple Explanatory Text*

Evan Jaffe, QP1: Autumn 2014, *An Analysis of Working Memory Constraints in a Head-final Language*

### **Other pre-candidacy graduate student research advising**

Ahmad Aljanaideh, CSE: current

Sandesh Swamy, Computer Science: Autumn 2016 to Spring 2017

David King, Linguistics: January 2016 to Summer 2016

Chaitanya Shivade, CSE: Autumn 2014 to Summer 2016

Daniel Miles, Linguistics: January 2015 to June 2015

### **B.A. thesis advisor**

Bethany Toma: Spring 2018, *The Semantics and Pragmatics of Right Dislocation: Odd thing, that*

### **B.A. thesis committee member**

Xinliang Frederick Zhang, CSE: Spring 2021, *Towards more Robust Natural Language Understanding*

Elizabeth Lyle, English: Spring 2016, *The Cry of Women: Three Shakespearean Females and Their Speech*

### **Other undergraduate student research advising**

Cory Bargemann & Connor Maguire: Autumn 2019, advisor in Ling4780 Undergraduate Research Seminar (topic: Variability in projection judgments).

Sarah Ewing, Linguistics: Autumn 2018, advisor in Ling4780 Undergraduate Research Seminar (topic: Sentiment analysis).

Matias Grioni, Computer Science: Autumn 2016 – Spring 2018, research assistant for French Universal Dependencies corpus.

Alane Suhr, Computer Science: Autumn 2015 & Spring 2016, research assistant for French Universal Dependencies corpus.

Ajda Gokcen, Linguistics: Autumn 2013, Spring & Summer 2014, research assistant for automatic detection of (dis)agreement project, OSU Undergraduate Education Summer Research Fellowship (\$1,250).

Audrey White, Linguistics: Spring 2014, advisor in Ling4780 Undergraduate Research Seminar (topic: Children’s acquisition of prepositions).

Anne McAlpine, Linguistics: Spring 2013, advisor in Ling4780 Undergraduate Research Seminar (topic: How pronoun usage differ when talking to a speech recognition system).

---

### **Reviewing**

#### **Editorial board**

Computational Linguistics (2016–2018), *Linguisticae Investigationes* (since 2017), Transactions of the Association for Computational Linguistics (Reviewer 2015–2021, Action Editor 2021–2023), *Semantics & Pragmatics* (since 2021).

#### **Grants**

National Science Foundation (CISE Reviewing Panel 2014, 2018, 2020), Linguistics ad-hoc reviewer), American Association for the Advancement of Science.

#### **Journals**

Computational Linguistics, *Linguistic Issues in Language Technology*, *Treebanks and Linguistic Theories*, *Journal of Linguistics*, *Language Resources and Evaluation*, *Language and Speech*, *Linguisticae Investigationes*, Transactions of the Association for Computational Linguistics (member of the reviewer pool since 2015), *IEEE Transactions on Audio, Speech and Language Processing*.

#### **Conferences (proceedings)**

ACL Rolling Review, ESSLI Workshop on Integrating Perspectives on Discourse Annotation, *Conférence sur le Traitement Automatique des Langues Naturelles (TALN 2017, 2019)*, \*SEM Joint Conference on Lexical and Computational Semantics (regularly since 2012),

Association for Computational Linguistics (regularly since 2011), Conference on Empirical Methods on Natural Language Processing (regularly since 2008), International Conference on Dependency Linguistics (DepLing, since 2013), Experiments on Linguistic Meaning (2020), SyntaxFest (2019, 2020), Linguistic Annotation Workshop (2019, 2020), Workshop on NLP and Computational Social Science (2019), Workshop on Universal Dependencies (2017, – 2021), FEVER workshop (2018, 2019), Extra-Propositional Aspects of Meaning in Computational Linguistics (2016), Workshop on the Semantics and Pragmatics of Dialogue (SemDial 2016), SIGDIAL (2014), Workshop on Multiword Expressions (2014, 2015), Workshop on Cognitive Aspects of Computational Language Learning (2014, 2015), Treebanks and Linguistic Theories (2013, 2017, 2018, 2020, 2021), International Joint Conference on Natural Language Processing (2013), Workshop on Annotation of Modal Meaning in Natural Language (2013), European Association for Computational Linguistics (2013), International Conference on Computational Linguistics (2012, 2014), TextInfer 2011 Workshop on Textual Inference (2011).

### Conferences (abstracts)

Semantics and Linguistic Theory (SALT, 2016), CUNY (2014), Crowdsourcing Technologies for Language and Cognition Studies (LSA Institute, 2011), Child Language Research Forum (2011).

	<b>Professional service</b>
2022 – 2026	UniDive COST Action “Universality, diversity and idiosyncrasy in language technology”, Leader of Working Group 4 “Quantifying and promoting diversity”.
2021 – 2022	NAACL 2022 Program co-chair.
2020	Chair of the fourth workshop on Universal Dependencies, co-located with Coling.
2020 – 2021	North American Association for Computational Linguistics Nominating committee.
2020	NACLO local host for OSU.
2019	Mentor for the 2019 NAACL Student Research Workshop.
2019	NACLO local host for OSU.
2018	Chair of the second workshop on Universal Dependencies, co-located with EMNLP.
2018	Coling: Area chair.
2017–2018	Faculty advisor for the 2018 ACL Student Research Workshop.
2017	Chair of the first workshop on Universal Dependencies, co-located with NoDaLiDa.
2016–2020	Board member of the North American Association for Computational Linguistics.

- 2016 Coling Workshop on Noisy User-generated Text: Named-Entity Recognition in Twitter shared task organization (with Alan Ritter, Benjamin Strauss and Bethany Toma).
- 2015–2016 ACL: Area chair for Discourse pragmatics.
- 2014–2015 ACL Workshop on Noisy User-generated Text: Named-Entity Recognition in Twitter shared task organization (with Alan Ritter and Young-Bum Kim).
- 2009 Child Language Research Forum (CLRF) Organizing Committee.

---

### Department service

- 2021–2022 OSU Linguistics Laboratory and Computing Committee.  
OSU Linguistics Speaker committee (chair in Spring).
- 2019–2020 Zoom test session for the move to online teaching.  
OSU Linguistics Graduate Studies Committee.  
OSU Linguistics Laboratory and Computing Committee (chair).
- 2018–2019 OSU Linguistics Graduate Studies Committee.
- 2017–2018 OSU Linguistics Graduate Studies Committee.  
OSU Linguistics Laboratory and Computing Committee (chair).
- 2016–2017 OSU Linguistics Graduate Studies Committee.  
OSU Linguistics Laboratory and Computing Committee (chair).
- 2015–2016 OSU Linguistics Graduate Studies Committee.  
OSU Linguistics Laboratory and Computing Committee (chair).  
OSU Targeted Investment in Excellence ad hoc grant selection committee.
- 2014–2015 OSU Linguistics Graduate Studies Committee.  
OSU Linguistics Laboratory and Computing Committee.  
OSU Targeted Investment in Excellence ad hoc grant selection committee.
- 2013–2014 OSU Linguistics Graduate Studies Committee.  
OSU Linguistics Laboratory and Computing Committee.
- 2010–2011 Stanford Linguistics Department Faculty Search Committee.
- 2008–2010 Stanford Linguistics Graduate Curriculum Review.
- 2007–2008 Stanford Linguistics Colloquium Committee.
- 2006–2007 Stanford Linguistics Department Social Committee.  
Stanford Linguistics Department Annual QP Fest Organizing Committee.

---

### University service

- 2021–2022 OSU ASC Linguistics Senator.
- 2015–2016 OSU Inter-departmental search committee (served at invitation of the dean).

---

## Outreach

Participation in the national TV (RTBF) show “QR le débat” on AI, April 5 2023.

Interview on the Belgian-French national public radio (RTBF), “Les éclaireurs”, January 29 2022.

COSI video on Oscars 2021 predictions (work with Taylor Mahler and Angélica Aviles Bosques).

Mentor for the capstone project of a junior at the Metro Early College High School, Spring 2020.

Talk at Columbus WAW: What Lies Beneath Sentiment Analysis, February 21 2019.

Talk at OSU Science Cafe: Linguistics and “big data”: Learning from each other, October 3 2018.

Hosting high-school freshmen on Shadowing Day, May 2016.

---

## Spoken languages

French	Native
English	Fluent
Dutch	Proficient (Deelcertificaat Nederlands als Vreemde Taal)
